e-HYBRID **benefits**

Go further for less

e-HYBRID can achieve up to 235* miles per gallon making them more fuel efficient than pure combustion engines.

Harness the full power

Drive in three modes: All electric, pure TSI engine, or a combination of the two with the 204PS e-HYBRID powertrain.

Freedom to move

An all electric range of up to 82 miles allows for emission-free urban driving.

Lower taxation

SEAT Leon e-HYBRID models have lower Benefit in Kind (BiK) than their equivalent combustion engine counterparts.

Efficient and connected charging solutions

Charge with either a DC fast-charger or at home with an AC wallbox. Being able to charge from 10-80% on a 50kW fast charger in 26 minutes whilst also monitoring activity via your smartphone with SEAT CONNECT.

SEAT Leon e-HYBRID models come with a MODE 2 (3-pin) and a MODE 3 (charging station) cable as standard.

*WLTP combined MPG.

Connect your SEAT to your smartphone and boost your possibilities

Forgot where you parked?

Simply open the MySEAT app and you will be able to easily locate your vehicle in cities or large parking areas.

The GPS coordinates will give you the exact address and you are then able to navigate to it through the easy to use map.

When is my service due?

You have enough things in your head to have to remember your next car service.

Activate automatic service scheduling and your chosen authorised service partner will contact you as soon as your vehicle detects the need of a service (inspection or relevant warning light).

Is my car secure?

For those moments when you're unsure if you've locked your car.

Through the MySEAT app, authorised users can see and control the lock status of the doors and boot.

Is my software up to date?

Just like your mobile phone, your SEAT also requires regular software updates.

You will be notified of any Over-the-Air updates (OTA) when they become available. These updates ensure that your SEAT's software remains up to date and installs new features without the need to visit a workshop. Keeping your SEAT's software current guarantees an optimised driving experience.

Be connected to your SEAT.

Just download the MySEAT App and follow the simple steps on this video. You will need to create an account with your personal data and introduce the chassis number of your car which can be found on the left part of the windscreen.

Notes: Some features may vary depending on the vehicle's configuration and equipment.

And if you have any questions, write us at **seatdigitalsupport@seat.es** or **seat-id.support@seat.es**

SEAT CONNECT

SEAT CONNECT's innovative services and functions connect you with your SEAT and the world around you.

With the CONNECT services, you can drive with greater peace of mind and comfort. Download the MySEAT app to connect your phone to your SEAT, this provides easy access to essential driving data and vehicle information. For example, you can verify if your car's doors are locked from any location or find the exact spot where you parked your SEAT.

Online traffic information ensures you receive up-to-date traffic conditions, keeping you informed and ensuring you avoid traffic delays and take the most optimum route wherever possible. By pressing the breakdown call button in the car or via the phone screen in the infotainment system, the most important information is shared with Roadside Assistance, such as your GPS coordinates and vehicle data, such as warning lights.

SEAT CONNECT ensures you always receive the latest updates to your infotainment system, the updates are done over-the-air, this ensures you always obtain the latest improved features with no need for a workshop visit.

The SEAT Warranty

Three-year Warranty.

All new SEAT's registered in the UK come with a three year/60,000 miles warranty, which protects your car against the failure of most mechanical and electrical components due to manufacturing defects. This comprises a two-year manufacturer's warranty with unlimited mileage plus a further one-year/60,000 (whichever is soonest).

Retailer Warranty.

Should the mileage exceed 60,000 miles within the first two years, the manufacturer's two-year warranty will still be valid. If an additional warranty for subsequent years or higher mileage is desired, it may be purchased from an authorised SEAT Retailer or repairer, however, this additional warranty must be purchased before the mileage reaches 60,000. Cover is subject to the car being serviced and maintained according to the manufacturer's technical guidelines.

Full details of the three-year warranty are available from your SEAT Retailer or Authorised Repairer.

Warranties, service plans and insurance

SEAT Extended Manufacturer Warranty

If you take out a SEAT Extended Manufacturer Warranty before your new car is registered, you'll get exactly the same level of cover as the three year warranty, but for up to five years. You can choose a SEAT Extended Manufacturer Warranty to last until the end of the 4th year/up to 75,000 miles or until the end of the 5th year/up to 90,000 miles (whichever is soonest). Please note: SEAT Extended Manufacturer Warranty products are only available at the time of ordering your new SEAT.

Three-year Paint Warranty

The paintwork of all models featured in this price list is covered against manufacturing defects for a period of three years. Naturally, the vehicle must be cared for in compliance with the operating instructions which will be found in your vehicle handbook. Please consult your Authorised Repairer for full warranty details.

12-year Body Protection Warranty

The internal body sections and panels of the models featured in this price list are covered against rusting through from the outside for twelve years. Naturally, the |vehicle must be cared for in compliance with the operating instructions which will be found in your vehicle handbook. Please consult your Authorised Repairer for full warranty details.

SEAT Parts Warranty

SEAT parts and accessories supplied after new vehicle delivery are covered by our 24 months parts warranty.

SEAT Gap Insurance

If your SEAT is written off, your motor insurer will usually pay out based on the current market value of your vehicle. This could be a lot less than its original value and therefore may leave you with an unexpected shortfall. Our Gap Insurance helps to cover the gap left by this shortfall to get you back in a new SEAT or help pay off any outstanding finance, lease or hire agreement. SEAT Gap Insurance can be purchased up to 100 days after you have collected your new or used vehicle.

For more information, visit **insurewithseat.co.uk/gap-insurance** or visit your local participating SEAT Retailer.

SEAT Gap Insurance is administered by Car Care Plan Limited and underwritten by Motors Insurance Company Limited.

Eight-Year PHEV Battery Warranty

A guarantee for eight years or 100,000 miles whichever comes first. Gradual reduction in battery capacity over time is integral to the nature of the component, and does not represent a defect under the terms of this guarantee.

SEAT Roadside Assistance (including European cover)

Any new SEAT purchased and registered in the UK from an authorised SEAT Retailer, is covered free by SEAT Assistance (including European cover) for roadside repairs or recovery to an authorised repairer for a term of one year. Terms and conditions apply.

Specifications

Specifications refer to Model Year 2026. While SEAT makes every effort to make sure that specifications are accurate at the time of publication (09/2026), you should always check details with your SEAT Retailer as there may have been changes in view of SEAT's policy of continuous product improvement. The right is reserved to change specification and colour at any time. The information in this price list can therefore be given as guidance only.

Vehicle excise duty

All new vehicles are subject to a form of Vehicle Excise Duty (VED) based on the type of fuel the vehicle uses and its carbon dioxide (CO_2) emission level, measured in grammes per kilometre (g/km). The table below illustrates the duty you will pay based on the DVLA bandings.

12-month Road Fund Licence (RFL) rate for petrol and diesel cars:
Cars registered on or after 1 April 2026

CO_2 g/km	1st Year Rate Petrol / Diesel / Alternative Fuel Vehicles (AFV)
0	£10
1	£115
51	£135
76	£280
91	£365
101	£405
111	£455
131	£560
151	£1,410
171	£2,270
191	£3,420
226	£4,850
256	£5,690

The standard rate for Petrol, Diesel and Alternative Fuel Vehicles is £200. Please be aware vehicles with a list price (RRP), including options, higher than £40,000 will incur an additional £440 a year in vehicle tax, from the second time the vehicle is taxed. Different thresholds apply for zero emissions cars. For full details please refer to **gov.uk/vehicle-tax-rate-tables**

Your tyre label

They may not be the first part of your SEAT you notice, but your tyres play a vital role in keeping you on the road. Your EU tyre label tells you everything you need to know.

You'll see detailed information on your tyres and their technical specifications on the SEAT online car configurator. Click **here** to start building your SEAT now.

Due to the variation of tyres that may be fitted during production, the configurator will show multiple tyre labels. It is not possible to select a specific tyre when ordering a vehicle.

Fuel efficiency

This is a measure of 'rolling resistance' – in other words, the amount of energy lost through motion. The lower the rolling resistance, the lower your fuel consumption, with tyres rated as Class-A being the most efficient.

Wet grip

Rigorous testing ensures your tyres give great handling and performance in all conditions. Wet grip specifically measures how well you can brake in wet conditions, with Grade-A giving the shortest stopping distance.

External noise

Tyres are carefully measured so you know exactly how much noise they'll make while driving. If decibels don't mean a lot to you, don't worry. Each tyre also falls into a noise Class-A being the quietest and C the loudest.

SEAT is committed to a policy of continuous product development and reserves the right to make changes to specifications, colours and prices without notice. The information in this brochure can therefore be given as guidance only. While SEAT makes every effort to ensure that specifications are accurate at the time of publication, you should always check with your authorised SEAT Partner for the latest information. Due to limitations of the printing process the colours reproduced in this brochure may vary slightly from the actual paint colour and material. This vehicle and all its parts, as well as the original spares, were designed according to the Legal Regulations governing the prevention and minimisation of Environmental Impact, through the use of recycled/recyclable materials, with measures taken to achieve suitable recycling for the conservation and improvement of environmental quality.
