You can then make an informed decision about the work we recommend.

## How it works.

# Service plans that will keep you smiling from **year to year.**

## **Spread the cost.**

We're aware that car maintenance can sometimes cause problems with your monthly budgeting. By allowing you to spread the cost evenly with monthly payments, our fixed price Service Plans smooth out any bumps in the road ahead.

Not only do these plans mean your SEAT servicing is already budgeted for, you can also be confident that your car is being looked after by SEAT specialists who know your car inside-out.

A Service Plan can start at any point in the service cycle and will free you from paying an up-front deposit. In addition, if you ever decide to sell your car, you can complete the payments and transfer the plan to the new owner, which means you'll be able to command a higher price for your car. You can even choose any SEAT Retailer from our nationwide network.

## **Payment options?**

Take your pick.

You can easily plan your car's service requirements and either pay for the Service Plan in full or spread the cost monthly. It's worry-free and ensures that you're taking the best care possible of your car, today and tomorrow.

[seat.co.uk/serviceplans](https://seat.co.uk/serviceplans)

## **Excellent value.**

With pricing fixed for 18 monthly payments for used cars and 24 monthly payments for new cars, our plans make your servicing inflation proof. You also benefit from the all-important SEAT proof of service, helping your car maintain its value.

- **Pay in full and your plan is transferable to the new owner when you sell your car**
- **Choose any SEAT Retailer from the nationwide network**
